Hyperbaric Oxygen Therapy

Oxygen, Delivered Deeper Powered by Pressure

Under pressure, oxygen dissolves directly into plasma—delivering higher concentrations beyond normal breathing. This enables faster recovery, improved circulation, and cellular repair.

Key Benefits

-  **Enhanced Sleep & Stress Relief**
-  **Cognitive Boost & Mental Clarity**
-  **Cellular Anti-Aging & Longevity**
-  **Rapid Recovery & Physical Repair**
-  **Immune Support & Metabolic Vitality**

Higher Pressure

Delivered in a safe hyperbaric environment

More Oxygen Dissolves

Oxygen dissolves directly into blood plasma

Oxygen Reaches Deeper

Distributes throughout the body beyond normal breathing

Cellular-Level Impact

Enhances energy, repair and immune response

Faster Recovery

Supports natural healing and overall wellness

Equipped with Oxygen Concentrator

Parameter	Specifications
Dimensions	520 450 708 mm*
Weight	50 kg
Total Air Flow	205 L/min
Rated Power	1200 W
Oxygen Concentration	93% ± 3%
Air Flow Rate	120 L/min
Oxygen Flow Rate	10 L/min
Therapy Pressure	1.1 ~ 1.5 ATA (Adjustable)
Product Features	Dual 10-inch Color Screens
Current	5 A
Voltage	110V / 220V / 240V

2 in 1 oxygen concentrator integrated oxygen concentrator and air compressor into 1 package. Its small footprint takes smaller installation room and easier connection, with 10inch colored touch screen, with all oxygen treatment data displaying.
